FULL STACK SOFTWARE ENGINEER

I'm a full stack developer looking to advance my skillset. With a background in construction I learned how to visualize and fit together components within a project. This helps me while programming to see data transfer, where data is stored and when to access that data.

EXPERIENCE

Prime Digital Academy; Dec 2020 - April 2021

- Projects include the following
 - A full CRUD application in React, Redux, Node, and Express JS that allows users to track favorite products.
 - chokingplastic.herokuapp.com/#/home
 - Task Manager Application in JQuery with express and node JS that utilized pool queries and SQL commands.
- Completed Udemy class and programmed multiple small projects
 - A recipe application written in vanilla JS that utilizes asynchronous Ajax calls to an API to get recipes based on users search criteria.
 - forkify-joshg.netlify.app/

Welder Helper, Michels Corporation; Aug 2020 - present

- Learned new tools and procedures to maintain efficient work with welders.
- Anticipated challenges and needed equipment for next phase in the job, ran lead for making sure my team was prepared and organized.

Plastic Fuser, Q3 Contracting; Aug 2017 - Aug 2020

- Swiftly learned the basics of a new construction field.
- Adapted to changing acceptable procedures with the standards of plastic fusion.

Owner, IronOak Construction; Jan 2012 - July 2017

- Communicated with clients about their needs.
- Helped clients manage expectations.
- Managed scheduling and invoicing.
- Stayed knowledgeable on new trends and technologies.

EDUCATION

Prime Digital Academy; Full Stack Software Engineer Certification April 2021

- Participated in in depth group and solo coding challenges on a daily basis.

Wallace Community College 2007 - 2009

- Multiple core classes including PLC basics.

PERSONAL SKILLS

- Communication
- Time Management
- Adaptability
- Team Work
- Grit
- Curiosity
- Driven
- Dependable
- Honest

PROFESSIONAL SKILLS

- JavaScript
- React
- Redux
- JQuery
- Node.js
- Express.js
- Passport
- SQL
- Swift
- HTML
- CSS
- Python
- VS code
- Xcode
- Postico
- Postman
- PostgreSQL
- Git

LANGUAGE

- English
- Spanish
